BOE Attorney

Issue(s): This is an Unfair Competition Law case in which plaintiff alleges that the retailer illegally collected sales tax reimbursement based on the full value of the cellular phone purchased rather than the bundled price. The trial court found that [Regulation 1585](#), which required that the sales tax be imposed on the regular price, provided a safe harbor from the customer's unfair competition and false advertising claims. The appeal court affirmed on that basis and also held that [Cal. Const., art. XII, § 32](#), and [Rev. & Tax. Code, § 6932](#), barred the action because the customer's sole remedy for the return of excess sales tax collected was under [Rev. & Tax. Code 6901.5](#). The court also found that the plaintiff lacked standing to maintain his claims because he cited no independently actionable violations, did not show that he was entitled to reimbursement, and could not prove causation. The receipt gave the customer notice of the amount of the tax and, under Civ. Code, § 1555.1 created a rebuttable presumption that he agreed to pay it. SBE filed an amicus brief to support the taxpayer's position that: 1) SBE consumer remedy statutes cannot be used to adjudicate tax disputes; and 2) SBE regulations provided a safe harbor from allegations of illegal activities under the unfair competition law.

Audit/Tax Period: None

Amount: Unspecified

Status: The Court of Appeal issued its opinion on August 19, 2009, and published as 176 Cal.App.4<sup>th</sup> 1156, agreeing with the SBE's position. On November 19, 2009, the taxpayer petitioned the Supreme Court for review. The Court deferred further action pending consideration and disposition of a related issue in *Loeffler v. Target Corp.*, California Supreme Court Case No. S173972 (see Cal. Rules of Court, rule 8.512(d)(2)), or pending further order of the Court. The Court vacated the Court of Appeal's opinion. Oral argument in Loeffler has not yet been set.
